

Unleash
the transformational
power of science

Join the LMU
Innovation Incubator.

The LMU Innovation Incubator is an exclusive 3-month early-stage startup program for researchers, current and alumni LMU students, and staff.

What we offer

- 2 editions/year: April & October
- 10-weeks start-up program for early-stage ideas
- Hybrid hands-on program completely in English
- Explore and validate ideas for impactful innovation

What's in it for you

- Learn and implement startup methods in practical modules
- Customer-tailored advisory and individual coaching
- Co-working space and our LMU startup community
- Tips, tricks, and opportunities to find co-founders and early-investors

Whom we are looking for

- Researchers, that want to bring their scientific insights into application
- LMU students / employees / alumni, with an idea for a process, product, or service, that address the challenges of society
